Work Experience

Product Manager (*Valcre*)

February 2026 - Present

- **Spearheaded end-to-end analytics initiative** by auditing existing event infrastructure, closing instrumentation gaps, and establishing a **data-driven decision-making culture** across the organization.
- **Led discovery, scoping, and launch of the Photos Tab**, enabling users to upload and curate property photos directly within their workspace, saving appraisers **30 minutes per day per user**.
- **Partnered with the CEO and sales team** to drive two strategic expansion initiatives: the Cost Approach module targeting a new appraiser segment, and an AI-powered banking product targeting a **\$40B market**.

Contract Product Manager (*Outcome*)

October 2025 - January 2026

- **Partnered directly with leading real estate firms** to identify automation opportunities, convert workflows into engineering requirements, and **drive the delivery of 10+ reusable AI workflows**.
- **Standardized AI prompting across the team** by formulating a step-by-step framework, **improving accuracy and consistency of extraction agents by 20%** while reducing turnaround time of client deployments.
- **Advocated for and spearheaded the integration of Amplitude** (a user analytics platform) into the website and core agentic product to bridge gaps in event tracking and drive visibility into user behavior.

Product Manager (*SpotDraft*)

October 2024 - June 2025

- **Partnered with Engineering and Legal Ops to launch an internal AI tool** that enabled the Legal Ops team to detect syntax issues in computation code **reducing turnaround time by 10%**.
- **Collaborated with Design, Engineering, and Customer Success** to launch a feature called **"Signing Queue"** which presented contracts in a continuous, prioritized flow, **reducing unsigned contract backlog by 45%**.
- **Released a feature called "Contract Context"**, improving signatory confidence and **cutting drop-offs by 35%** after surfacing key friction points from analytics and aligning with leadership for a swift release.
- **Redesigned onboarding for add-on products called Clickwrap and Legal Hub**, using customer feedback and usability tests to **increase completion rates by 30%**.

Associate Product Manager (*SpotDraft*)

April 2023 - September 2024

- **Released archiving features for Contract Types and Counterparties**, by collaborating with the Support team to identify high-friction manual processes, **saving the support team 10 business days per user per month**.
- **Launched Workflow Manager**, a tool that **saved over 20 hours per user per month** by enabling a fully self-serve workflow creation experience, designed through feedback sessions with key users and cross-functional teams.
- **Drove \$50,000 in ARR** through Workflow Manager by delivering actionable insights on customer subscription usage, enabling product-led growth opportunities, and partnering with business teams for adoption.
